

Upper Tennessee River Roundtable

Please help support the Upper Tennessee River Roundtable to host the Salt Trail 5K and to continue to improve the health of our rivers.

Holston River Facts:

- Exceptional smallmouth bass fishery
- Many unique and endangered mussel and fish species
- Impaired due to mercury
- 138 miles from Virginia to Tennessee
- Part of the Upper Tennessee River Watershed – one of the most diverse places on earth

The Salt Trail runs for 8.5 miles between Saltville and Glade Spring, partially along the Holston River
